1. PURPOSE AND SCOPE OF APPLICATION

These Conditions state both Parties' rights and duties in respect of the purchase of equipment ("Equipment"), software ("Software") and services ("Services"), hereinafter collectively referred to as "Deliverables", covered by any Order issued by BROADPEAK to the Supplier, to the extent that such Order is not ruled by contradicting specific contractual written conditions otherwise agreed between the Parties. Thus, these Conditions do not apply to Deliverables ordered by BROADPEAK under any separate framework agreement negotiated and executed by BROADPEAK and the Supplier.

2. CONTRACTUAL DOCUMENTS

Unless there is a prior and express special agreement between the Parties, those Conditions shall govern the relationship between the Parties and form an integral part of the Agreement.

In case of any discrepancy between the documents of such Agreement, they shall apply in the following priority order:

1. The PO including specific mutually agreed terms;
2. Such Terms & Conditions;
3. The Offer ;
4. Any other document incorporated by reference.

The transmission of the Conditions by the Buyer does not constitute, in itself, any commitment from BROADPEAK to issue any order.

The Agreement shall come into force between the Parties upon the issuance of the PO by the Buyer, and shall govern the relationship

between the Parties for the duration required for the full performance of their respective agreed obligations.

3. PURCHASE ORDERS

3.1. CONFIRMATION

The Supplier will have three (3) working days from receipt of an Order to confirm it. In the absence of a response within this time period, it shall be deemed to be accepted and shall therefore be processed by the Supplier accordingly.

Within this notice period, the Supplier shall in particular ensure that the person signing the Order has the necessary power to engage BROADPEAK.

3.2 CHANGE REQUEST

The Supplier's Offer shall include the right for BROADPEAK to suspend or cancel, in writing, any Order with at least a ten (10) working day prior notice from the date on which it is to be executed.

4. DELIVERY/PERFORMANCE

The Supplier shall deliver/perform the Deliverables on the Delivery Date and at the address specified on the Order.

The PO may provide for specific terms and conditions of delivery, performance, provision (such as, for instance, by electronic means), as well as specific acceptance terms and conditions.

Delivery times are binding and shall not be modified without BROADPEAK's prior written consent.

The Supplier undertakes to inform BROADPEAK in writing as soon as possible in the event of any foreseeable delay in the performance of the Order and to take, at its own and sole expenses, any action necessary for a proper performance of the Order.

Any delay in the Delivery time due to a reason that is not directly attributable to BROADPEAK or to a Force Majeure event shall result in non-discharging penalties amounting to one percent (1%) of the total gross value of the Order per calendar day of delay, applicable as from the day following the Delivery Date specified in the Agreement. These penalties shall apply automatically, without

notice and without prejudice to BROADPEAK's right to claim compensation for the damages for it resulting from such situation, and to terminate the Agreement in accordance with the terms of the "Termination" article herein.

5. INFORMATION – ADVICE – COLLABORATION

The Parties shall actively collaborate in the performance of this Agreement.

In addition, the Supplier has a duty to inform, advise and warn the Buyer. In this respect, it shall in particular request all information which could be essential to ensure a proper understanding of the Buyer's needs and its environment, and for the proper performance of the Agreement, and it shall notify the Buyer of all missing, ambiguous or incomplete information. It shall propose any variant or adjustment that would allow an optimization of a Deliverable and/or its price, while meeting the specifications agreed with the Buyer.

It shall also warn the Buyer as soon as it becomes aware of any current or potential event,, which may affect the proper performance of the Agreement (e.g. technical prerequisites, or changes in models or versions soon to be available).

6. PRICE – PAYMENT

6.1 PRICE

The applicable prices are those specified in the Order.

Unless otherwise specified in writing in the Order or in any contractual document agreed by the Parties, the prices are firm, non-revisable and fixed; they include all costs, expenses, taxes, customs duties, excluding Value Added Tax (VAT). They are stipulated on the basis of the INCOTERM 2020 "DDP".

VAT Act), the Supplier shall apply the Reverse-Charge-Procedure and acknowledges that the place of supply of the Deliverables to take into consideration for this matter shall be BROADPEAK's site. Accordingly, the Supplier shall not account for VAT of its own member state in its invoices. Instead, invoices issued by the Partner Supplier shall clearly indicate BROADPEAK as a recipient (Buyer) and shall show identification numbers of both Parties on the invoices.

6.3 WITHHOLDING TAX (*where applicable*)

Should any payment be subject to withholding tax, such amount will be deducted from the amount to be paid. Upon request, BROADPEAK will provide related documentation to the Supplier. In the case a double taxation treaty applies, providing for a reduced withholding tax rate, BROADPEAK shall only withhold and pay the reduced tax on behalf of the Supplier if an appropriate approval certificate is issued by the competent tax authority in accordance with laws and regulations of the territory. If BROADPEAK, in good faith, pays the price to the Supplier without withholding or deduction and a subsequent audit identifies that a withholding or deduction should have been made from the price, the Supplier shall reimburse BROADPEAK for this withholding or deduction together with any interest and penalty once made by BROADPEAK to the relevant authority.

6.4 PAYMENT

Payment by the Buyer shall be due upon the date and in the currency specified on the PO, and by default within forty five (45) days end of month of issuance of the invoice, without any prejudice to the enforcement of different mandatory time limits. In case the delivery/performance is subject to a acceptance procedure, the invoice shall not be issued before the finalisation of this procedure, the duration of which must remain reasonable and compliant with business practices.

In case of advanced payment, the Supplier shall propose a discount to the Buyer.

In case of late payment, the Supplier may apply an interest rate of three (3) times the then current French Legal interest. In addition, the legal fixed indemnity of forty (40) Euros compensating recovery costs will apply.

Supplier's prices shall take those warranties into consideration.

10. THIRD-PARTY CLAIMS

The Supplier warrants, indemnifies and holds harmless the Buyer against any action, claim, and opposition or demand that would be issued on the basis of any infringement of intellectual property rights or any other right (e.g. image rights, unfair competition) of a third party. It shall therefore indemnify and reimburse the Buyer for any financial consequences arising or otherwise resulting from such a claim, including any costs and damages to which the Buyer may be condemned by a court decision or in the course of an alternative dispute resolution procedure, whether or not final, as well as any compensation and indemnification due to its clients or partners.

Without prejudice to the application of the other clauses of the Agreement, in such a case the Buyer may also require the Supplier to take one of the following actions, including as a precautionary measure, at no cost for the Buyer: (i) modify the Deliverables to prevent a new claim, and in particular to remove their infringing element; or (ii) replace all or part of the Deliverable subject of this claim, with other non-infringing Deliverables with equivalent functions and performance; or (iii) obtain from the third party the

This assignment, which is fully included in the pricing of the Agreement, shall be on an exclusive basis, for the full duration of the protection applicable by laws or international conventions, and this for the entire world, in any form whatsoever, existing or future, and without restriction with regard to its use or exploitation, whether direct or indirect, in any kind or any manner whatsoever. Each party shall be considered respectively as a separate data controller of the personal data collected and processed by it for managing their business relationship.

Should one of the Parties process personal data in the name and on behalf of the other Party, the Parties undertake to execute a personal data processing agreement ("DPA" or "Data Processing Agreement") and/or Data Transfer Agreement, as applicable, prior to such processing activity.

13. CONFIDENTIALITY

In the event that a confidentiality agreement duly executed by the Parties conflicts with these Conditions, it shall prevail over the confidentiality provisions of this Agreement.

Where applicable, the Parties shall ensure that:

1. All information provided by one of the Parties to the other, relating in particular to the business plan, commercial, financial, legal, accounting, technical or marketing information of any nature whatsoever, such as know-how, data, technical processes, software, drawings, formulae, or any medium whatsoever,

Also, the Buyer may, subject to applicable mandatory laws, automatically terminate the Order in the event of (i) bankruptcy, dissolution or transfer of assets by the Supplier, (ii) or in the event of a significant change in the Supplier's shareholdings or organisation that leads to legitimate fear of a deterioration in the conditions of performance of the Agreement.

The Supplier acknowledges and accepts the indivisible nature of the Buyer's orders and the right to terminate an Order shall therefore entail and induce for the Buyer the right to decide to terminate all other Orders sent to the Supplier.

16. FORCE MAJEURE - HARDSHIP

3. The affected Party shall immediately notify the other Party of the occurrence of the Force Majeure event and of its probable duration. If the Force Majeure persists beyond thirty (30) days, with no possibility of remedy, the other Party may cancel the Order without any compensation being due to this respect.
